How it is unique and useful?

Security & Legal Framework

- Addresses critical gaps in CBRN safety and security
- Advocates for criminalization and development of CBRN legislation
- Facilitates multi-agency collaboration among investigators, prosecutors, and judges

Investigation to Prosecution Workflow

- Step-by-step guidance from crime scene to courtroom
- Integration of investigative intelligence and emerging technologies
- Preparation of CBRN experts for court hearings

Tools, Technology & Expertise

- Access to calibrated and maintained detection equipment
- Exposure to emerging investigative methodologies
- Training delivered by recognized international experts

Sustainability & Long-Term Impact

- Integrated into institutional training curricula
- Blends theoretical knowledge with practical exercises
- Fosters ownership and continuous learning

Global Support & Donor Value

- Agile, adaptable, and cost-effective programme
- Supported by international organizations: IAEA, OPCW, BWC ISU, JRC, UNICRI, UNODC, UNODA, VERTC

Satisfaction Guaranteed. Thank you!

Upon Ukraine's request, under [subparagraph 38\(e\) of Article VIII of the Chemical Weapons Convention \(CWC\)](#), the OPCW Technical Secretariat deployed to Ukraine in relation to three incidents of alleged chemical weapons use along the confrontation lines between opposing forces in the Dnipropetrovsk region.

The incidents reportedly took place as follows:

- ❖ On 2 October 2024, near the village of Mariivka;
- ❖ On 12 October 2024, near the village of Illinka;
- ❖ On 14 October 2024, near the village of Illinka.
